

ADVANCING QUALITY AND PROFESSIONALISM IN VALUATION

Become a member of the International Valuation Standards Council (IVSC)

IVSC members share a belief that raising standards of international valuation practice benefits business and the wider public interest. They recognise that better standards improve transparency and stability of financial markets, contribute to the growth of stronger economies and lead to improved confidence for all users of valuation data.

The IVSC is working with leading businesses and organisations including the UN and World Bank to build trust in valuation.

WHO ARE THE IVSC?

The IVSC is the global, not-for-profit organisation responsible for developing International Valuation Standards (IVS) and the valuation profession. Its mission is to set and embed consistent, high-quality standards which support business and protect financial markets for the public good.

Valuation matters. Whatever the reason for conducting a valuation – financial reporting, M&A activity, financing, asset sales or determining the capital adequacy of financial institutions – reliable valuations are crucial. They help foster financial stability and sustainable economic growth.

WHAT DO IVSC MEMBERS DO?

IVSC members include end users and providers of valuation services, valuation professional organisations and global not-for-profits. They contribute to the IVSC's mission by:

- > Providing input to the standards-setting process and evolution of the International Valuation Standards (IVS)
- > Raising awareness and demand for international best practice in valuation
- > Supporting IVSC's engagement with governments and end users of valuation services

BENEFITS OF MEMBERSHIP

Organisations join the IVSC for many reasons, including to:

- > Show leadership and commitment to improving financial markets for public good
- > Distinguish their business as a leading authority on valuation
- > Support international efforts to improve valuation data consistency and quality
- > Act on their Corporate Social Responsibility commitments
- > Gain free access to the International Valuation Standards, associated documents and online resources, through the IVSC Members' Online Portal
- > Influence through voting rights the IVSC's long-term vision and strategy
- > Raise their profile as a leader in international best practice among key influencers including financial regulators, global business and investors
- > Join a leading international network of like-minded organisations

Valuation consistency and quality throughout the world is one area where investors often face challenges. We're in the business of investing other peoples' money responsibly so reliable valuation is the gatekeeper of proofing that we are doing it right, it's a prerequisite for effective investment.

Martin Brühl

Chief Investment Officer,
Union Investment Real Estate GmbH

I believe a global set of standards for valuation is important. Globally aligned standards improve quality and consistency and support professionals, regulators and end users of valuation data. IVSC has an important role to play in developing a global valuation profession.
