Board member responsibilities

The IVSC Standards Boards are central to producing high quality International Valuation Standards. IVSC is dependent on the efforts of dedicated volunteers and is indebted to them for their time, leadership and commitment to the public interest and the worldwide valuation profession. Appointment as a Standards Board member is a significant responsibility and in accepting such appointment, the individual assumes the duties and responsibilities of active involvement, specifically:

- Providing insight and leadership in developing new International Valuation Standards in an open, collaborative manner;
- Acting in the public interest and in the common interest of the worldwide valuation profession;
- Acting as an ambassador for IVSC in explaining and promoting the work of IVSC.

The IVSC expects that Standards Board members will above all demonstrate a commitment to the public interest and not be motivated by regional, national or special interests, whether related to specific professional or commercial concerns (eg, the member's firm or a subset of the valuation profession).

Preparing for, attending, and active participation in all meetings of a particular board, and of task forces and other workings groups for which they are elected, is expected of individuals appointed.

Term limits

The IVSC Bylaws state that a person appointed to serve on any IVSC Board shall be appointed for a term of three years. The terms of members are established in such a way that each year they expire for approximately one-third of the members. Members with terms shorter than three years are eligible for additional terms not exceeding three years until they have reached the maximum term of six years. The normal continuous term of service on any particular board cannot exceed six years, unless a member is appointed as chair during or at the end of his/her term as a member or there are exceptional circumstances.

Members whose first term has come to an end may be eligible for reappointment for a second term. After consultation with the Board chair concerning a member's contribution to the work of the Board to date, the Nominating Committee will consider reappointment if the member indicates a willingness to continue service. The Nominating Committee values the continuity of membership on boards, but decisions on the reappointment of members are foremost guided by the best person for the position criteria.

Selection Criteria

The Nominations Committee reviews all applications to determine the best candidates for the positions. As part of the process, the Nominations Committee will also consider the geographical and professional balance on the Standards Board, but its primary objective is to choose the individuals most likely to enhance the quality of the outputs of the Standards Board.

Further Information

If you have any questions or require further information, please contact IVSC through contact@ivsc.org

Whilst IVSC will provide basic support and staffing in relation to the Standards Board, we are a not for profit organisation and Board Members will need to have their travel expenses reimbursed by their employer or VPO unless there are circumstances where that support cannot be reasonably provided and the individual can make an exceptional contribution to the development of valuation standards. Whilst ultimately up to each Board to decide it is expected that travel might be required for 3 in person meetings a year, unless a Board member decides to join a working group in which case it could be more though typically these activities are done remotely.
